**IT IS WITH A HEAVY HEART
THAT WE LEARN OF THE
PASSING OF MRS. JAN LAUER,
RECREATION SUPERVISOR.**

A Town employee since January 28, 1985, Jan marked our lives with her dedication and passion for the well-being of TMR's seniors. Farewell, and thank you Jan for all you did for our community!

**TRACK & FIELD CLUB
FOR YOUNG ADOLESCENTS**

The Recreation Department relaunched the track & field club for young adolescents aged 8 to 12! Sessions are held at the outdoor track at Danyluk Park from April 23 until June 20, 2024, every Tuesday and Thursday from 16:45 to 18:00. The program aims to develop the fundamental skills of running, jumping, and throwing through athletics. By establishing a solid foundation, participants will not only excel in various sports and physical activities but also prepare for a lifelong active and athletic lifestyle.

LIVING RADAR OPERATIONS

On Thursday, April 25, the Public Security of Town of Mount Royal conducted live radar operations in the vicinity of 4 elementary schools in TMR.

In collaboration with the SPVM, this initiative helped improve safety in the area surrounding these schools.

MONT-ROYAL MUNICIPAL COUNCIL MEETINGS CALENDAR 2024

The Town Council meets monthly on a Tuesday. Meetings are held at 19:00 in the Schofield Hall at Town Hall (90 Roosevelt Avenue).

It is possible to find the transcripts for the mayor's introductions during the meetings in the News section of the Town's website. Town Council meetings are also available for replay. Recorded in video format, the sessions are relayed on the Town's YouTube channel: www.youtube.com/@youtown001, or use this QR code with your cell phone:

June 18 **July 16** **August 20** **September 17**
October 22 **November 19** **December 17**

Message from the Mayor

SIGNIFICANT PROGRESS TOWARD MAKING OUR FUTURE COMMUNITY AND SPORTS CENTRE A REALITY

I want to express my deep gratitude to each of you who took part in the big information session on the Community and Sports Centre (CSC) project held on the evening of April 25. Your participation, whether in person or via a screen at home, was greatly appreciated and helped make the event a success.

The evening provided an opportunity for us to present to you the considerable progress made on the project to build the new facility, which will benefit many residents of every age for years to come.

As you may recall, the CSC will be built on the land between the current Recreation Centre and the Town Hall parking lot, ensuring direct access to the centre from the underground parking facility.

Alongside Jean-Pierre Richard, Project Director, Kevin Whitehall, Director of Recreation, Culture and Community Activities, and Ava Couch, Town Manager, we had the privilege of presenting the real advances made to date and providing a detailed description of the features of version 2 of the CSC. Most notably, like v.1, this new version includes an indoor pool, double gymnasium, community and training rooms and dedicated spaces for artistic pursuits.

We were also able to explain the many advantages of constructing the new centre using a design-build approach and to present a financing plan that includes a loan by-law and debt schedule. If you haven't already done so, I strongly encourage you look through the PowerPoint presentation and watch the recording from the evening, both of which you'll find in the Major Projects section of our website.

The CSC project is going forward as planned. In recent months, progress has been made on the functional and technical program as well as the reference project, which allows us, among other things, to verify the feasibility of our program, produce a reference budget and guide future tenderers in developing their designs. You can see the design and details of the reference project by viewing the online presentation.

In the very near future, a call for bidders will be launched. This will allow us to choose the best candidates to bid on the call for tenders for the construction of the CSC. We are currently developing the performance specifications that will detail our requirements. We have heard citizens and understand their concerns around programming, functionality and quality. Our call-for-tenders documents are being prepared with those concerns in mind.

Our planning calls for the design-build contract to construct the CSC to be awarded by the end of this year. If all goes well, some work could even begin toward the end of 2024. A construction project of this scale takes time, which is why we expect the work to finish in late 2027, with the official opening, after all necessary tests have been completed, in the summer of 2028.

Remember that updated information is posted regularly to the Major Projects section of the Town's website. Visit it to stay on top of all developments and the progress toward making the CSC happen.

In closing, let me offer you my warmest thanks for your support and positive reactions to this project in which we are investing so much effort. Like all of you, we are eager to see these plans take shape. Your encouragement is a source of inspiration for the entire municipal team and strengthens our determination to make this much anticipated initiative a reality.

Above all, thank you for your confidence and ongoing interest in our Town's development. Take full advantage of the upcoming summer months to recharge your batteries and enjoy activities with your family, neighbours and friends!

Peter J. Malouf, Mayor

peter.malouf@town.mount-royal.qc.ca

Didn't get a chance to attend the big information session on the Community and Sports Centre (CSC) project on the evening of April 25?

If you haven't already done so, you can now look through the PowerPoint presentation and watch the recording from the evening, both of which you'll find in the Major Projects section of our website.

A DYNAMIC TEAM SERVING OUR COMMUNITY

Originally created to fill the gap created by the integration of municipal police forces into the MUC in 1972, the Town of Mount Royal Public Security (PS) has since distinguished itself by its ongoing commitment to ensuring the safety of Townies and the tranquility of our GARDEN CITY.

In 2017, management began a modernization program aimed at consolidating its presence and better helping residents. Using state-of-the-art equipment and targeted prevention programs, TMR Public Security has become increasingly proactive in creating an ever-safer environment.

In addition to security provided by the Ville de Montréal Police Department (SPVM), residents in Town of Mount Royal benefit from additional security provided by our Public Security Department. While the SPVM protects people and property by enforcing laws, our Public Security is committed to improving the lives of residents. It ensures the safety of schoolchildren, monitors vacant houses, contributes to various traffic studies and provides a reassuring and proactive presence. It also implements prevention initiatives in schools and parks.

Here is an overview of some of the services being offered by the Town of Mount Royal PS.

Local services

From regular patrols to ensuring a visible presence in residential, commercial and industrial neighbourhoods, patrollers are present 24 hours a day, 7 days a week to prevent potential criminal activity throughout the town. Public security officers patrol the town in their fleet of cars, on bikes and on foot to keep residents safe.

Radar speed signs

Although Public Security is not authorized to enforce the Highway Safety Code, it is proactive in reducing speeding. For example, in 2023, two radar speed signs on trailers were installed 19 times at various strategic locations to remind drivers to slow down.

In addition, from April 25 to May 23, Public Security, in collaboration with the SPVM, launched 'Living Radar' initiatives around

four TMR primary schools. This original device is a backpack worn by a child, equipped with a digital sign showing the speed of vehicles. This has proven to be an effective way to raise awareness among drivers, some of whom were even given tickets by the SPVM.

School routes

The intense traffic around the town's five primary schools poses a significant danger to our schoolchildren. By providing support to safety patrollers during peak periods, security officers contribute morning and evening to ensuring the safety of schoolchildren and protecting them in busy school zones.

Community component

This key component was set up in 2018, with a full-time resource dedicated to prevention for various clientele such as schoolchildren, the elderly and the community in general. Public Security's work is also reflected in a privileged relationship with the police and community organizations to provide relevant services and programs.

Home and neighbourhood surveillance and protection

When you must be away from your home for a few days, PS offers a free home surveillance service. While you are away, patrollers will visit your home every day to check that all doors are secure and to pick up your mail, which they will keep until you return. Public Security also invites residents to actively participate in the safety of their neighbourhood through a crime prevention program that promotes close communication between residents and the authorities. By working together and staying vigilant, neighbours can deter and prevent crimes in their community.

Parking

Unless otherwise indicated, parking on the streets of the Town of Mont-Royal is limited to four hours per block. Agents ensure that

this rule is applied. However, to give residents and their visitors more flexibility, temporary overnight parking permits are available free of charge online or by phone at 514 734-4666.

Animal control

Many Townies are loving pet owners, and this is reflected in the large number of dogs and cats officially registered with the municipality.

Public Security is responsible for applying municipal regulations regarding animals to ensure harmonious cohabitation and guarantee the well-being and safety of residents and their companions. Key rules include mandatory pet licenses, vaccination against certain infectious diseases such as rabies, maximum leash length in public places, and access to the Mohawk and Montgomery dog parks.

Inspection of child car seats

As a member of the SAAQ Permanent Provincial Child Car Seat Verification Network, Public Security offers car seat inspection and installation free of charge. Patrollers will check whether your car seat is safe and make any necessary adjustments to how it is installed.

In closing, we would like to remind you that all TMR residents are entitled to the above-mentioned services free of charge, as well as several other services which can be accessed on the Town's website or by calling 514 734-4666. In case of an emergency, always call 9-1-1 for immediate assistance.

Dear Townies, we hope to see you in large numbers at the 2024 Security Expo, which PS will organize on Saturday, September 14. Until then, and we wish you a safe and wonderful summer.

TWO GREENING CAMPAIGNS TO PRESERVE OUR URBAN FOREST AND ENHANCE OUR LIVING ENVIRONMENT

With its tree-lined streets, busy parks and lush green spaces, the Garden City has built an enviable reputation as a community that's great to live in, a place where human warmth characterizes the solid ties that bind its some 21,700 inhabitants.

A cornerstone of Town of Mount Royal's identity, preserving and improving our natural environment is one of the main concerns not only of residents but also of the municipal administration. Aware of the richness of its natural heritage, the Town maintains this commitment through investments and actions taken in public and private spaces.

We are proud to announce that our Town will be joining this year's *Ensemble on verdict* campaign in partnership with GRAME (Groupe de recommandations et d'actions pour un meilleur environnement). This initiative aims to encourage Townies to plant new trees on their property.

Through the initiative, TMR has committed to subsidizing the acquisition of a number of trees (subject to availability within the program). Please note that this grant is intended for planting new trees on your property and may not be used to replace a felled tree.

Besides further greening the Town, the new trees will help mitigate heat island effects and increase biodiversity across the territory.

I encourage you to visit the Town website at <https://www.ville.mont-royal.qc.ca/en> to learn the details of the campaign and the steps to follow.

But act fast! The number of trees is limited. All trees purchased through the *Ensemble on verdict* campaign will be delivered directly to you and planted by the GRAME team (limit of one tree per address).

For more information, please visit ensembleonverdit.org or email GRAME at ensembleonverdit@grame.org.

In another initiative to preserve the urban forest, the Town will, on its own, begin replacing 225 trees of various species located in public spaces. This decision is based on an in-depth analysis carried out by specialists and is oriented toward planting species resistant to disease and climate change while also favouring increased biodiversity.

Besides replacing felled trees on the public domain and fully maintaining them, including pruning, watering and fertilizing them, the Town lets residents ask for a new public tree to be planted in front of their house. To do so, simply send a message to the Public Works Division at travauxpublics@ville.mont-royal.qc.ca.

We are convinced that these greening initiatives will have a positive impact on the preservation of our living environment and on the well-being of each of our residents.

Dear Townies, I wish you an excellent summer and hope you'll take full advantage of the nature around us and the beautiful sun-filled days!

Ava Couch, directrice générale
townmanager@town-mount-royal.qc.ca

ARE YOU SIGNED UP TO THE CODERED SYSTEM?

CodeRED is a high-speed telecommunication system that allows us to reach you quickly by phone, email, and text messaging in the event of a major disaster. Its use is reserved for critical situations. The number that will appear on your caller ID is 1-866-419-5000.

To sign up, visit www.ville.mont-royal.qc.ca/en and click on the "Find out More" button in the CodeRED section on the homepage. Then, fill out the registration form found on the page.

72 HOUR KIT: BE READY IN CASE OF EMERGENCY!

In a serious emergency, you'll need some basic supplies so you can be self-sufficient for at least 72 hours. You may have to get by without electricity or running water. In fact, the ice storm of April 5, 2023 proved that a situation of this magnitude can happen at any time. It is very important to be aware of the risks we may face.

A basic emergency kit includes the following items:

Water - Two liters of water per person per day

Food - Non-perishable foods such as canned goods, energy bars and dehydrated foods

Hand-held can opener - Hand-cranked or battery-powered flashlight (and spare batteries)

Hand-cranked or battery-powered radio - Spare batteries - First-aid kit and special-needs items

Extra keys - for car and home - Cash

You can visit the Government of Canada website for an informative video explaining in greater detail how to make your own kit at <https://www.preparez-vous.gc.ca/cnt/kts/index-fr.aspx>.

Information: www.Preparez-vous.ca 1 800 O-Canada (1 800 622-6232)

DEVELOPMENT OF STATION SQUARE IN THE HEART OF THE GARDEN CITY

The Town of Mount Royal's project to develop the future Station Square is well underway. Located a stone's throw from the former CN station, now home to La Pizzaiolle restaurant, and the new Ville-de-Mont-Royal REM station.

While this new public space will finally unite the west and east sides of the GARDEN CITY, it will include a landscaped green space, pedestrian paths, a bicycle path, shaded areas and other street furniture.

Work will carry on to welcome Townies for the start of summer 2024.

ROYAL GARDEN PARK : THE NEW GREEN SPACE IN THE BATES - EKBERS NEIGHBOURHOOD

The long-awaited opening of Royal Garden Park is scheduled for early summer, offering all neighborhood residents a lovely, well-appointed green space.

This new green space offers users rest areas equipped with deckchairs and park benches, a pergola with tables accessible to people with reduced mobility, as well as a play area featuring swings, seesaws and rotating games. In addition, the park will be embellished by a profusion of flowers and trees, creating a pleasant and welcoming environment for all.

Come and discover this little haven of peace and relaxation, ideal for family activities and moments of tranquility in the heart of the Town.

TMR CELEBRATING

The Recreation, Culture and Community Activities Department is pleased to present its "Mount Royal Celebrates" event where outdoor concerts will be held every Thursday evening from July 4 to August 15, 2024.

Each evening will have its respective theme. We invite you to consult the list below so you don't miss an evening. Admission is free. Bring your chairs!

Concerts will be held at 19:00 in Connaught Park, except for Shakespeare-in-the-park, which will be held at Danyluk park.

In the event of rain, performances will be held at Town Hall (90 Roosevelt Avenue).

A RESIDENT OF TMR HONoured BY QUEBEC'S LIEUTENANT-GOVERNOR

On Saturday, April 20th, Ms. Ann Laughlin received from the Lieutenant-Governor of Quebec, the Honourable Manon Jeannotte, the Medal for her dedication and community involvement in the Town of Mount Royal.

She began almost 30 years ago serving for Meals-on-Wheels. During the two years of the pandemic, she served every Monday, also picking up meals or desserts from senior cooks who did not feel safe leaving their homes but still wished to contribute their time to the Meals-on-Wheels program.

Congratulations Ann and thank you for your voluntary commitment to the Town!

CITIZENS OF THE YEAR FROM 1983 TO 2021

The Mount Royal Municipal Association (MRMA) is one of the oldest citizens' associations in the Montreal area, dating back to 1932.

In memory of the late Isabel Schofield, the Municipal Association has paid regular tribute since 1983 to a resident or residents for their altruistic and voluntary contribution to the community.

Here is the list of recipients:

- Ernest Jubien (1983)
- Caroline R. Desaulniers (1984)
- Walter Mitchell (1985)
- J. Howard Richardson (1986-1987)
- Eleanor Côté (1987-1988)
- Joan Smith (1988-1989)
- Lewis Greenberg (1989-1990)
- Suzette Clément (1990-1991)
- Anne Marie Prévost (1991-1992)
- Keith Glashan (posthumous: 1993)
- Leila & Shafik Khouzam, parents of Catherine (1994)
- Vera Danyluk (1995)
- Dr. Harrison Jones (1996)
- Rosemarie Mann (posthumous: 1997)
- All citizens- the ice storm (1998)
- Nick Stephens (1999)
- Kathy Elie (2004)
- Judy Bock (2005)
- Jacques McDonald (2006)
- Meribah Aikens (2007)
- William & Rosslyn Tetley (2008)
- Dolores & Ed Ropeleski and Milda & Angelo Ruffo (2009)
- TMR & adj. resident volunteers in hospitals, rehab. or seniors residences (2010)
- Barbara Handfield Barbeau (2011)
- Heather Copeland (2012)
- Emsey Elkas, Cliff Carrie & Caroline Emblem (2014)
- Meals on Wheels (2015)
- Volunteer Bureau of TMR (2016)
- Sylvia Adams, Town nurse (2017)
- Larry & Cookie Rossy (2021)

For more information:
associationmunicipale.wordpress.com

SPECIAL PLANNING PROGRAM (PPU) FOR THE BEAUMONT SECTOR

A Special Planning Program (PPU in French) is a long-term, detailed planning program for a sector that is expected to undergo significant changes. The PPU sets a vision and direction for development based on the major issues facing the sector as well as the concerns, needs and expectations of residents.

Located in southeastern Town of Mount Royal, the Beaumont sector borders the neighbouring boroughs of Outremont and Villeray-Saint-Michel-Parc-Extension.

In the current urban planning plan adopted in 2017, the Beaumont sector is classified as a sector to be transformed, with plans to diversify its activities in the medium and long term.

To consolidate the sector's development initiatives and ensure they improve the Town's economy and the quality of life for citizens, the Town Council is inviting stakeholders to share their ideas and comments to guide its future actions and directions in this sector.

In early April, a meeting was held with companies in the sector, followed by a participatory workshop for citizens on May 7, that some fifty residents took part in.

It was an opportunity for participants to interact with professionals and discuss the five main themes of the redevelopment vision for the Beaumont sector, including Mobility, the Environment, Mixed use and activities and the Built environment.

Next steps

A feedback session is scheduled for early summer, while preparatory activities for the PPU will continue until fall 2024.

The Town is very grateful for the many residents who have contributed so far and looks forward to continuing its collaborative efforts with the community

A SEVENTH BIXI STATION IN MOUNT ROYAL!

Good news, a seventh BIXI station will be added in Dakin park later this June.

We would like to remind you that the BIXI system is modular, wireless and solar-powered. The Town of Mount Royal already has 6 stations in addition to the one just mentioned, including:

- Graham / Wicksteed intersection;
- Brittany / Ainsley intersection;
- Graham / Kindersley intersection;
- Graham / Brookfield intersection;
- On Plymouth, corner of Lucern
- On Laird, corner of Geneva

Visit bixi.com to view the full map of BIXI stations.

OUTDOOR WATERING : DO YOU KNOW THE SCHEDULE?

In line with the Town's sustainable development plan, the establishment of an outdoor watering schedule is essentially aimed at reducing water consumption and minimizing waste. See the watering schedule below, applicable yearly, from May 1 to October 1 :

	EVEN-NUMBERED Adresses	ODD-NUMBERED Adresses
AUTOMATIC WATERING	Even-numbered days from 3:00 to 6:00 am	Odd-numbered days from 3:00 to 6:00 am
MANUAL WATERING	Even-numbered days from 6:00 to 8:00 and from 18:00 to 22:00	Odd-numbered days from 6:00 to 8:00 and from 18:00 to 22:00

Éco Entreprises Québec (ÉEQ), the organization responsible for selective collection across Quebec, recently unveiled its new citizen initiative, Bac Impact. This launch is part of a large-scale national campaign to raise awareness about selective collection of recyclable materials, aiming to encourage Quebecers to adopt proper sorting habits in their daily lives.

According to a recent survey conducted by ÉEQ among Quebecers, nearly all (98%) citizens participate in selective collection at home. However, only 17% of them systematically check if materials are recyclable before placing them in the recovery bin when in doubt.

To find out the list of items to place in the recycling bin and learn the proper sorting method, visit the following link: <https://cavaouwebapp.recyc-quebec.gouv.qc.ca>.

START OF MECHANIZED COLLECTION FOR BLUE BINS

Since June 5, 2024, Éco Entreprises Québec has been in charge of managing selective collection (blue bin) for all municipalities, including TMR. Collection is now mechanized on most streets, which entails certain changes in the procedure for ensuring that your blue bin is collected.

IMPORTANT:

Given that collection is mechanized, as of June 5, you'll need to keep at least 30 cm (1 ft.) of clearance around each bin;

Nothing may be left next to your bin; everything must be inside it. Recyclables left on the ground will not be picked up.

For more information on how to place your bin on the street correctly, visit the *Residual Materials Collection for Residents* page on the Town's website.

The Green Line service is back!

Until the end of the season, call or schedule an appointment with the Town's Lawn Inspector to receive advice and answers to your lawn-related questions.

Call: 514 734-4222.

GOURMET THURSDAYS

Mount Royal's public market is back! NEW: This year, producers and processors will gather on in Connaught Park, on the pedestrian sidewalk and the pergola, every Thursday from 14:00 to 18:00, June 20th to September 26th, 2024.

A food truck can also be found along the Laird side of Connaught Park most Thursdays during the summer.

MULTICULTURAL FAIR

The multicultural fair is back again this year! On Saturday, September 21, a variety of activities and traditional foods are on the program to celebrate Morocco! The festivities will take place in Danyluk Park from 11:00 to 16:00.

SUMMERFEST CELEBRATION

The Town of Mount Royal is thrilled to announce its annual Summerfest celebration, scheduled for Wednesday, June 26 from 17:00 to 21:00 at Danyluk Park. This highly anticipated day promises a multitude of entertaining activities for the whole family.

The festivities will include rides on a miniature train, inflatable games, bumper cars, face painting for children, hand tattoos/wax, balloon sculptures, a children's corner, food trucks, and much more! Residents will also have the opportunity to enjoy a concert by "Volume 10" and other surprises. It's the perfect opportunity to gather with family and friends for a memorable evening.

Taking into account environmental concerns and associated costs, there will be no fireworks this year. The Town will explore other celebration options for future events.

Are you registered on the BCITI+ app yet??

You can now download the BCITI+ app for free and start receiving texts and emails! This technological solution makes local news, sports and cultural events, and municipal building hours more accessible than ever. BCITI+: the best way to stay connected to your Town.

ASSOCIATION DES PARENTS DE MONT-ROYAL

APMR is a non-profit, non-political parents' association whose mission is to create a community of Mount Royal parents, children and young people. This year marks a very special anniversary: 50 years of this fine association. For the past 5 decades, a succession of parent volunteers have been involved in the community, building bridges between families. Town of Mount Royal is welcoming more and more families, and it's with everyone's involvement that a gathering of parents is transformed into a united and dynamic community.

Would you like to get involved in an association that takes the interests of its community to heart? Would you like to play an active role in issues that could have a major impact on our daily lives and those of our children? The APMR greatly needs parent volunteers to ensure the continuity of this beautiful story of complicity between our Town and its residents. It's also a wonderful way to meet other parents in the neighborhood, while making a difference.

Join our Facebook community PARENTS VMR or visit our website www.apmr.ca to find out more about the APMR and, above all, become an active member of this great association! (applications: info@apmr.ca)

LAUNCH OF THE REM

REM trains are still scheduled to be brought into operation in late 2024.

It should be noted that the delay in the schedule for work in the Mount Royal Tunnel will not affect our downtown construction site. Only partial closures linked to work to be completed inside the new station are expected.

Ask questions and voice your concerns at any time!

Facebook et X : [REMgrandmtl](#)

A Petition From Residents on the National Assembly of Quebec Website to Mitigate the Noise From the REM in TMR

In February 2024, a petition initiated by residents living near the railway tracks in collaboration with Mayor Mr. Peter J. Malouf, and supported by MNA Ms. Michelle Setlakwe, called for noise mitigation measures **before the launch of the REM service**. The petition was tabled by MNA Setlakwe at a session of the National Assembly in late May. It was signed by over 700 residents of Town of Mount Royal.

AÉROPORTS DE MONTRÉAL (ADM) : AIRCRAFT OVER OUR GARDEN CITY

The Town occasionally posts public service announcements issued by Aéroports de Montréal in the News section of its website when they are likely to be of interest to the Mount Royal community. This was the case when work on a runway at YUL Montréal-Trudeau International Airport changed the paths and frequency of flights over our Garden City.

Filing a complaint online or by phone

As noise nuisances related to airports are under the federal government's jurisdiction and not the nearby municipalities, it falls to Transport Canada to enforce compliance with air traffic noise regulations. Aéroports de Montréal (www.admtl.com) offers a free newsletter as well as a set of useful tools for residents who would like to file a noise complaint. You'll also find an invitation to use the free WebTrak app. Complaints can also be filed by telephone at 514 633-3351. Aéroports de Montréal will follow up, and all the complaints they receive are entered in a log.
